

DICOMscope - Bug #1025

The rendering of text annotations in DICOMscope 3.6.4 ignores the orientation

2022-05-23 18:38 - Marco Eichelberg

Description			
MESA CPI Test case TEAN_P14 contains four text annotations with four different orientations. DICOMscope 3.6.4 apparently does not correctly display this (compare DICOMscope rendering with result image provided for the test case).
