

DCMTK - Bug #1048

Incorrect output of "Responding AE Title" in A-ASSOCIATE Request

2022-11-25 14:20 - Jörg Riesmeier

Status:	Closed	Start date:	2022-11-25
Priority:	Normal	Due date:	
Assignee:	Michael Onken	% Done:	0%
Category:	Library	Estimated time:	0:00 hour
Target version:	3.6.8	Compiler:	
Module:	dcmnet		
Operating System:			
Description			
For example, storescu outputs the following:			
<pre>D: ===== BEGIN A-ASSOCIATE-RQ ===== D: Our Implementation Class UID: 1.2.276.0.7230010.3.0.3.6.7 D: Our Implementation Version Name: OFFIS_DCMTK_367 D: Their Implementation Class UID: D: Their Implementation Version Name: D: Application Context Name: 1.2.840.10008.3.1.1.1 D: Calling Application Name: STORESCU D: Called Application Name: ANY-SCP D: Responding Application Name: ANY-SCP [...]</pre>			
The value "ANY-SCP" in the line "Called Application Name:" makes no sense in the "RQ" since the Association Acceptor has not yet responded. It should be an empty value instead (similar to the lines starting with "Their Implementation...").
