

DCMTK - Conformance #1110

Remove support for ICU (character set conversion library)

2024-03-06 14:36 - Jörg Riesmeier

<b>Status:</b>	Closed	<b>Start date:</b>	2024-03-06
<b>Priority:</b>	Normal	<b>Due date:</b>

<b>Target version:</b>	3.6.9	<b>Compiler:</b>	
<b>Module:</b>	config, ofstd, dcldata		
<b>Operating System:</b>			
<b>Description</b>			
As we now have "oficonv" integrated into the DCMTK and supporting ICU was never really working as expected (e.g. not all DICOM Specific Character Sets supported), support for ICU should be removed from the DCMTK.			
Support for the other external character set conversion libraries, i.e. libiconv and stdlibc (iconv), should remain in the DCMTK, at least for the time being (until the next DCMTK release).			

History
