

DCMTK - Bug #1186

Parametric Map creation uses wrong initialization for frame size

2025-12-18 18:06 - Michael Onken

Status:	Closed	Start date:	2025-12-18
Priority:	High	Due date:	
Assignee:	Michael Onken	% Done:	0%
Category:	Library	Estimated time:	1:00 hour
Target version:		Compiler:	
Module:	dcmpmap		
Operating System:			
Description			
If Parametric Map IODs are created using the dcmpmap module, the API allocates the wrong number of bytes for new frames (the number of bytes has been provided where number of pixels is correct).			
This has been fixed in commit e127cd7611d96d724788f239a007ff9e3c547fce on Dec 18th 2025.
