

DCMTK - Bug #44

Test ofstd_atof #21 schlägt unter Windows (MSVC) fehl

2011-07-12 00:00 - Jörg Riesmeier

Status:	Closed	Start date:	
Priority:	High	Due date:	
Assignee:	Jan Schlamelcher	% Done:	100%
Category:	Testing	Estimated time:	0:00 hour
Target version:	3.6.1	Compiler:	
Module:	ofstd		
Operating System:			
Description			
FAILED test 'ofstd_atof' at ..\..\..\dcmtdk-3.6.1_20110707\ofstd\tests\tatof.cc:108: test #21 failed: conversion error, atof=0, ref=0, delta=0 Test results for module 'ofstd': 22 succeeded, 1 failed.			
Schlachter sagt: Einfach HUGE_VAL benutzen anstatt einen Overflow auszunutzen (INFINITY kann MSC6 leider nicht).			

History

#1 - 2013-11-26 18:52 - Jörg Riesmeier

- Category set to Testing
- Status changed from Closed to Reopened
- Assignee set to Jan Schlamelcher
- Target version set to 3.6.1
- % Done changed from 100 to 50

The issue does not seem to be fixed: <http://forum.dcmtdk.org/viewtopic.php?f=3&t=3869>

#2 - 2014-06-17 13:10 - Jan Schlamelcher

- Status changed from Reopened to Closed
- % Done changed from 50 to 100

Fixed in commit <http://git.dcmtdk.org/web?p=dcmtdk.git;a=commit;h=6aea7dc971113dfca5c22288db040f1ec5710250>
