DCMTK - Bug #442

Confusing error message from storescu

2012-08-24 15:55 - Uli Schlachter

Status:	Closed		**Start date:**	2012-08-24
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Library		**Estimated time:**	0:00 hour
Target version:	3.6.2			
Module:	dcmnet		**Compiler:**	
Operating System:				

Description

On caesar, do the following:

```
storescp -od /tmp/ 1234 --prefer-lossless >/dev/null &
  storescu localhost 1234 /share/dicom/contrib/20120820_ith-icoserve_thumbnail_in_private_sequence
/1C2E5A59-anonymized.dcm --propose-lossless
```

Result:

```
W: DIMSE Warning: (STORESCU,ANY-SCP): sendMessage: unable to convert dataset from 'JPEG Lossless,
Non-hierarchical, 1st Order Prediction' transfer syntax to 'JPEG Lossless, Non-hierarchical, 1st O
rder Prediction'
```

It should be figured out why this weird warning is printed and how we can get a more meaningful message.

History

#1 - 2013-02-13 17:24 - Jörg Riesmeier

- Target version set to 3.6.2

#2 - 2013-03-13 11:37 - Uli Schlachter

- Status changed from New to Closed

This seems to be already fixed. It works with latest storescu, but still fails with storescu from release 3.6.0. Sadly, I don't know what happens (storescu from current git prints a warning, but that seems unrelated).
