

DCMTK - Bug #633

Check whitespaces in CMake path names

2015-04-17 10:32 - Michael Onken

Status:	Closed	Start date:	2015-04-17
Priority:	Normal	Due date:	
Assignee:	Jan Schlamelcher	% Done:	100%
Category:	Configuration	Estimated time:	0:00 hour
Target version:	3.6.2	Compiler:	
Module:	CMake, all		
Operating System:			
Description <p>There have been some reports that whitespaces in pathnames (install, source, support libs, ...) might lead to problems. We have fixed those issues when they were reported. However, some systematic checking should be done, i.e. make sure that all path names are consequently escaped.</p>
