Target version:	3.6.2	Compiler:	
Module:	dcmdata		
Operating System:			
Description			

History

#1 - 2015-11-13 12:20 - Marco Eichelberg

- Subject changed from Implement DcmPolymorphOBOW::compare() and DcmPixelData::compare() to Implement DcmPolymorphOBOW::compare() and DcmPixelData::compare()
- Assignee set to Michael Onken
- Target version set to 3.6.2
- Module set to dcmdata

DcmDataset::compare() will probably not work correctly when comparing dataset containing compressed images, because the compare() method has not been implemented for DcmPolymorphOBOW and DcmPixelData. This needs to be checked and updated.

#2 - 2017-03-24 13:01 - Marco Eichelberg

- Priority changed from Normal to Low

#3 - 2017-05-05 17:10 - Michael Onken

- Status changed from New to Closed

Fixed in commit e158fa.
