DCMTK - Feature #851

Better Support for new versions of Android NDK and SDK

2018-10-29 11:10 - Jan Schlamelcher

Status:	New		**Start date:**	2018-10-29
Priority:	Normal		**Due date:**

Category:	Configuration		**Estimated time:**	0:00 hour
Target version:				
Module:	CMake		**Compiler:**	
Operating System:	Android			

Description

Google changed its slogan from "don't be evil" to "always break the user experience" and changes the way to use the NDK and SDK fundamentally with every new version released (with no visible advantages). We should ideally implement NDK / SDK version checks and adapt our CMake code to do the right thing depending on the result.
