

DCMTK - Feature #952

Add support for intermediate CAs and CRLs to dcmtds

2020-10-13 16:24 - Marco Eichelberg

Status:	Closed	Start date:	2020-10-13
Priority:	Normal	Due date:	
Assignee:	Marco Eichelberg	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:	3.6.7	Compiler:	
Module:	dcmtds		
Operating System:			
Description The dcmtds module cannot yet handle intermediate CAs and Certificate Revocation Lists (CRLs), unlike dcmsign where support has been implemented with the --add-ucert-file, --add-crl-file and --enable-crl-vfy command line options. It would be desirable to add this functionality.
