

DCMTK - Feature #972

Add support for reproducible builds

2021-03-08 11:51 - Jörg Riesmeier

Status:	Closed	Start date:	2021-03-08
Priority:	Normal	Due date:	
Assignee:	Jörg Riesmeier	% Done:	100%
Category:	Configuration	Estimated time:	1:00 hour
Target version:	3.6.7	Compiler:	
Module:			
Operating System:			
Description Currently, the DCMTK does not support reproducible builds since e.g. the current timestamp is used for the manpages generated by Doxygen. This should be easy to fix since Doxygen seems to support the environment variable SOURCE_DATE_EPOCH (https://reproducible-builds.org/docs/source-date-epoch/). Further aspects of "reproducible builds" need to be checked. See: https://wiki.debian.org/ReproducibleBuilds/Howto			
Related issues: Has duplicate DCMTK - Feature #971: Add Support reproducible builds
