

DCMTK - Feature #996

Leak checkers don't like the ICU library

2021-07-05 17:20 - Jan Schlamelcher

Status:	Rejected	Start date:	2021-07-05

Target version:		Compiler:	
Module:			
Operating System:			
Description <p>The ICU library does not free some resources on program shutdown as an optimization. Leak checkers hate this simple trick, as reported by the Debian folks: https://bugs.debian.org/cgi-bin/bugreport.cgi?bug=988417 .</p> <p>The ICU library provides a workaround that may be called to cleanup these resources as part of unit tests or debug builds that may require it to not clutter the diagnostic output. Add a new function to OFCharacterEncoding that calls this cleanup code (u_cleanup()) and use it appropriately.</p>			

History

#1 - 2023-01-16 16:15 - Jörg Riesmeier

- Status changed from New to Rejected

#2 - 2023-01-16 17:18 - Jörg Riesmeier

- Category set to Library and Apps

- Priority changed from Normal to Low

Support for ICU will be removed in a future version of DCMTK, so there is no need to implement this feature.
